Impact of science on society, 1976

Subject index

Acupuncture
Health care in today's China. Kao, John J. (XXVI, 4) p. 299-310, illus.

Africa
Military technology and the masculinity of war: an African perspective. Mazrui, Ali A. (XXVI, 1/2) p. 71-75.

Aircraft
The Strategic nuclear arms race. Stares, John. (XXVI, 1/2) p. 27-38.

Algeria
Scientific research in Algeria; an interview. Benyahia, Mohamed Seddik. (XXVI, 3) p. 177-180, port.

Arab culture
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.
Science and the Islamic world: comment. El Sayed, Abdel-Aziz. (XXVI, 3) p. 123-133, illus., map.
The Significance of Islam's scientific heritage for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.

Arab States
Current trends of scientific activity in Arab and Islamic countries. Galal, Salah. (XXVI, 3) p. 169-176.
Science and the Islamic world: comment. El Sayed, Abdel-Aziz. (XXVI, 3) p. 123-133, illus., map.
System analysis, system management, and scientific typology as applied to development in the Third World. El-Yacoubi, Hassan Hasan. (XXVI, 3) p. 213-226, illus.

Arabic
Problems of arabization in science. Ibn Abdallah, Abdel-Aziz. (XXVI, 3) p. 151-159, illus.

Arid zone
Current trends of scientific activity in Arab and Islamic countries. Galal, Salah. (XXVI, 3) p. 169-176.

Armed forces
Military technology and the masculinity of war: an African perspective. Mazrui, Ali A. (XXVI, 1/2) p. 71-75.

Astronomy
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.
The Significance of Islam's scientific heritage for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.

Biological evolution
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.

Cancer
Geocancerology. Peeters, Emile Gaston. Verhasselt, Yola. (XXVI, 4) p. 311-322, illus., map.

Capitalism
The Scientific-technical revolution and a comprehensive disarmament programme. Soukup, Miroslav. (XXVI, 1/2) p. 91-99.

Causal analysis
Imperialism as a level of analysis in correlates-of-war research. Köhler, Gernot. (XXVI, 1/2) p. 39-47.

Chemical/biological warfare
Science and warfare. Kulich, Vasilij Mikhailovich. (XXVI, 1/2) p.53-61.
Weapons of mass destruction and public policy. Price, Charles Coale. (XXVI, 1/2) p. 17-24.

Chemistry
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.

China
Health care in today's China. Kao, John J. (XXVI, 4) p. 299-310, illus.

Citation
On science, war and leadership. (XXVI, 1/2) p. 67-69.

Civilization
Einstein and Freud on war. (XXVI, 1/2) p. 25-26.

Climate
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.

Communication network
An Operational model to distribute a nation's health services. Mbaeyi, Peter N.O. (XXVI, 4) p. 277-290, illus.

Community participation
Health care in today's China. Kao, John J. (XXVI, 4) p. 299-310, illus.
The Teaching polyclinic: a model for community medical care, teaching and research. Torre Montejo, Ernesto de la. Casanova Arzola, Ramón. (XXVI, 4) p. 291-298.

Conflict resolution
The Russell-Einstein manifesto. Russell, Bertrand. Einstein, Albert. (XXVI, 1/2) p. 15-16.
Three realistic approaches to peace: peacekeeping, peacemaking, peacebuilding. Galtung, Johan. (XXVI, 1/2) p. 103-115.

Contemporary society
The Scientific-technical revolution and a comprehensive disarmament programme. Soukup, Miroslav. (XXVI, 1/2) p. 91-99.

Cost-benefit analysis
The Problem of research on unprofitable drugs: another point of view. Burke, John T. (XXVI, 4) p. 251-255.
Council of Europe
A Tale of two forts. (XXVI, 1/2) p. 101-102.
Cuba
The Teaching polyclinic: a model for community medical care, teaching and research. Torre Montejo, Ernesto de la. Casanova Arzola, Ramón. (XXVI, 4) p. 291-298.
Cultural development
Einstein and Freud on war. (XXVI, 1/2) p. 25-26.
Cultural heritage
The Significance of Islam's scientific heritage for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.
Developing countries
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.
Health and wealth from waste: an economic incentive for developing countries. DaSilva, Edgar J. Burgers, Anton C.J. Olembo, Reuben J. (XXVI, 4) p. 323-332, illus.
An Operational model to distribute a nation's health services. Mbaeyi, Peter N.O. (XXVI, 4) p. 277-290, illus.
System analysis, system management, and scientific typology as applied to development in the Third World. El-Yacoubi, Hassan Hasan. (XXVI, 3) p. 213-226, illus.
Development planning
Energy resources and global strategic planning. Solem, Knut Erik. (XXVI, 1/2) p. 77-90.
Sudan's five-year plan for research and development. EL Sammani, Abdallah Yacoub. (XXVI, 3) p. 181-191, illus., map.
Development strategy
System analysis, system management, and scientific typology as applied to development in the Third World. El-Yacoubi, Hassan Hasan. (XXVI, 3) p. 213-226, illus.
Disarmament
The Plowshare treaty. Buchwald, Art. (XXVI, 1/2) p. 51-52.
Disarmament control
Conventional weapons and unnecessary suffering. (XXVI, 1/2) p. 63-66, illus.
The Oblivion that science has made possible for society. MacBride, Sean. (XXVI, 1/2) p. 11-14.
On science, war and leadership. (XXVI, 1/2) p. 67-69.
Science and war: comment. (XXVI, 1/2) p. 3-9.
Science and warfare. Kulich, Vasilij Mikhailovich. (XXVI, 1/2) p.53-61.
The Strategic nuclear arms race. Stares, John. (XXVI, 1/2) p. 27-38.
Weapons of mass destruction and public policy. Price, Charles Coale. (XXVI, 1/2) p. 17-24.
Dissemination of information
Current trends of scientific activity in Arab and Islamic countries. Galal, Salah. (XXVI, 3) p. 169-176.
Diversification of education
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.
Drug
Future perspectives of safer and more rational use of drugs. Danysz, Andrzej Witold. (XXVI, 4) p. 241-249, illus.
The Problem of research on unprofitable drugs: another point of view. Burke, John T. (XXVI, 4) p. 251-255.
Drug control
Future perspectives of safer and more rational use of drugs. Danysz, Andrzej Witold. (XXVI, 4) p. 241-249, illus.
Ecological conditions
Geocancerology. Peeters, Emile Gaston. Verhasselt, Yola. (XXVI, 4) p. 311-322, illus., map.
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.
Economic planning
System analysis, system management, and scientific typology as applied to development in the Third World. El-Yacoubi, Hassan Hasan. (XXVI, 3) p. 213-226, illus.
Education and development
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.
Education and employment
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.
Educational development
On the geographical fringe of Islam: the Republic of the Niger. Olodo, André Kokou. (XXVI, 3) p. 199-202, map.
Science, technology and education on the Arabian peninsula. Dorozynski, Alexandre. (XXVI, 3) p. 193-197, illus.
Einstein, Albert
Einstein and Freud on war. (XXVI, 1/2) p. 25-26.
Environmental engineering
Health and wealth from waste: an economic incentive for developing countries. DaSilva, Edgar J. Burgers, Anton C.J. Olembo, Reuben J. (XXVI, 4) p. 323-332, illus.
Ethnic group
On the geographical fringe of Islam: the Republic of the Niger. Olodo, André Kokou. (XXVI, 3) p. 199-202, map.
Family planning
Current trends of scientific activity in Arab and Islamic countries. Galal, Salah. (XXVI, 3) p. 169-176.
Forecasting
Energy resources and global strategic planning. Solem, Knut Erik. (XXVI, 1/2) p. 77-90.
Foreign policy
Science and warfare. Kulich, Vasilij Mikhailovich. (XXVI, 1/2) p.53-61.
France
A Tale of two forts. (XXVI, 1/2) p. 101-102.
Freud, Sigmund
Einstein and Freud on war. (XXVI, 1/2) p. 25-

26.

Genetics
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.

Geography
Geocancerology. Peeters, Emile Gaston. Verhasselt, Yola. (XXVI, 4) p. 311-322, illus., map.
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.
The Significance of Islam's scientific heritage for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.

Glossary
Problems of arabization in science. Ibn Abdallah, Abdel-Aziz. (XXVI, 3) p. 151-159, illus.

Health service
Health care in today's China. Kao, John J. (XXVI, 4) p. 299-310, illus.
An Operational model to distribute a nation's health services. Mbaeyi, Peter N.O. (XXVI, 4) p. 277-290, illus.
Rational use of health resources, 2: comment. (XXVI, 4) p. 235-239, illus.
The Teaching polyclinic: a model for community medical care, teaching and research. Torre Montejo, Ernesto de la. Casanova Arzola, Ramón. (XXVI, 4) p. 291-298.

Hemic and lymphatic system
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.

Higher education
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.

Historical analysis
Science and the Islamic world: comment. El Sayed, Abdel-Aziz. (XXVI, 3) p. 123-133, illus., map.

History of science
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.
The Significance of Islam's scientific heritage for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.
The Traditional medicine of India. Singh, Dharamjit. (XXVI, 4) p. 257-267, illus.

Imperialism
Imperialism as a level of analysis in correlates-of-war research. Köhler, Gernot. (XXVI, 1/2) p. 39-47.

India
The Traditional medicine of India. Singh, Dharamjit. (XXVI, 4) p. 257-267, illus.

Industrial development
On the geographical fringe of Islam: the Republic of the Niger. Olodo, André Kokou. (XXVI, 3) p. 199-202, map.

Infectious disease
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.

International conflict
Three realistic approaches to peace: peacekeeping, peacemaking, peacebuilding. Galtung, Johan. (XXVI, 1/2) p. 103-115.

International cooperation
Science and war: comment. (XXVI, 1/2) p. 3-9.

Islam
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.
Science and the Islamic world: comment. El Sayed, Abdel-Aziz. (XXVI, 3) p. 123-133, illus., map.
The Significance of Islam's scientific heritage for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.

Kuwait
Science, technology and education on the Arabian peninsula. Dorozynski, Alexandre. (XXVI, 3) p. 193-197, illus.

Lexicography
Problems of arabization in science. Ibn Abdallah, Abdel-Aziz. (XXVI, 3) p. 151-159, illus.

Mathematics
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.
The Significance of Islam's scientific heritage for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.

Mechanics
The Significance of Islam's scientific heritage for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.

Medical care
Health care in today's China. Kao, John J. (XXVI, 4) p. 299-310, illus.

Medical education
Health care in today's China. Kao, John J. (XXVI, 4) p. 299-310, illus.
Rational use of health resources, 2: comment. (XXVI, 4) p. 235-239, illus.
The Teaching polyclinic: a model for community medical care, teaching and research. Torre Montejo, Ernesto de la. Casanova Arzola, Ramón. (XXVI, 4) p. 291-298.

Medical research
Future perspectives of safer and more rational use of drugs. Danysz, Andrzej Witold. (XXVI, 4) p. 241-249, illus.
Geocancerology. Peeters, Emile Gaston. Verhasselt, Yola. (XXVI, 4) p. 311-322, illus., map.
The Problem of research on unprofitable drugs: another point of view. Burke, John T. (XXVI, 4) p. 251-255.
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.
Rational use of health resources, 2: comment. (XXVI, 4) p. 235-239, illus.
The Teaching polyclinic: a model for community medical care, teaching and research. Torre Montejo, Ernesto de la. Casanova Arzola, Ramón. (XXVI, 4) p. 291-298.

Medicine
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.
The Significance of Islam's scientific heritage

for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.
The Traditional medicine of India. Singh, Dharamjit. (XXVI, 4) p. 257-267, illus.

Microbiological resources
Health and wealth from waste: an economic incentive for developing countries. DaSilva, Edgar J. Burgers, Anton C.J. Olembo, Reuben J. (XXVI, 4) p. 323-332, illus.

Militarism
How an atomic scientist views the prospects for "the bomb" Feld, Bernard T. (XXVI, 1/2) p. 49-50.
The Oblivion that science has made possible for society. MacBride, Sean. (XXVI, 1/2) p. 11-14.
On science, war and leadership. (XXVI, 1/2) p. 67-69.
Science and war: comment. (XXVI, 1/2) p. 3-9.
Science and warfare. Kulich, Vasilij Mikhailovich. (XXVI, 1/2) p.53-61.
The Scientific-technical revolution and a comprehensive disarmament programme. Soukup, Miroslav. (XXVI, 1/2) p. 91-99.

Mineral resources
Current trends of scientific activity in Arab and Islamic countries. Galal, Salah. (XXVI, 3) p. 169-176.

Missile
The Strategic nuclear arms race. Stares, John. (XXVI, 1/2) p. 27-38.

National policy
Energy resources and global strategic planning. Solem, Knut Erik. (XXVI, 1/2) p. 77-90.

Natural resources
Sudan's five-year plan for research and development. EL Sammani, Abdallah Yacoub. (XXVI, 3) p. 181-191, illus., map.

Niger
On the geographical fringe of Islam: the Republic of the Niger. Olodo, André Kokou. (XXVI, 3) p. 199-202, map.

Nuclear weapon
How an atomic scientist views the prospects for "the bomb" Feld, Bernard T. (XXVI, 1/2) p. 49-50.
The Oblivion that science has made possible for society. MacBride, Sean. (XXVI, 1/2) p. 11-14.
The Russell-Einstein manifesto. Russell, Bertrand. Einstein, Albert. (XXVI, 1/2) p. 15-16.
Science and warfare. Kulich, Vasilij Mikhailovich. (XXVI, 1/2) p.53-61.
The Strategic nuclear arms race. Stares, John. (XXVI, 1/2) p. 27-38.
Weapons of mass destruction and public policy. Price, Charles Coale. (XXVI, 1/2) p. 17-24.

Optics
The Significance of Islam's scientific heritage for the Moslem world today. Anawati, Georges C. (XXVI, 3) p. 161-167.

Optimization
An Operational model to distribute a nation's health services. Mbaeyi, Peter N.O. (XXVI, 4) p. 277-290, illus.

Pacifism
Einstein and Freud on war. (XXVI, 1/2) p. 25-26.

Peace
The Oblivion that science has made possible for society. MacBride, Sean. (XXVI, 1/2) p. 11-14.

Peace research
Imperialism as a level of analysis in correlates-of-war research. Köhler, Gernot. (XXVI, 1/2) p. 39-47.
Three realistic approaches to peace: peacekeeping, peacemaking, peacebuilding. Galtung, Johan. (XXVI, 1/2) p. 103-115.

Peaceful coexistence
Science and warfare. Kulich, Vasilij Mikhailovich. (XXVI, 1/2) p.53-61.
Three realistic approaches to peace: peacekeeping, peacemaking, peacebuilding. Galtung, Johan. (XXVI, 1/2) p. 103-115.

Pharmacology
Future perspectives of safer and more rational use of drugs. Danysz, Andrzej Witold. (XXVI, 4) p. 241-249, illus.
Health care in today's China. Kao, John J. (XXVI, 4) p. 299-310, illus.
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.
The Problem of research on unprofitable drugs: another point of view. Burke, John T. (XXVI, 4) p. 251-255.

Philosophy
The Traditional medicine of India. Singh, Dharamjit. (XXVI, 4) p. 257-267, illus.

Physical anthropology
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.

Physics
Moslem contributions to the natural sciences. Kettani, M. Ali. (XXVI, 3) p. 135-149.

Poland
Future perspectives of safer and more rational use of drugs. Danysz, Andrzej Witold. (XXVI, 4) p. 241-249, illus.

Polymorphism
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.

Power consumption
Energy resources and global strategic planning. Solem, Knut Erik. (XXVI, 1/2) p. 77-90.

Power resources
Energy resources and global strategic planning. Solem, Knut Erik. (XXVI, 1/2) p. 77-90.

Profitability
The Problem of research on unprofitable drugs: another point of view. Burke, John T. (XXVI, 4) p. 251-255.

Psychotherapy
Future perspectives of safer and more rational use of drugs. Danysz, Andrzej Witold. (XXVI, 4) p. 241-249, illus.

Public health
Current trends of scientific activity in Arab and Islamic countries. Galal, Salah. (XXVI, 3) p. 169-176.
Future perspectives of safer and more rational use of drugs. Danysz, Andrzej Witold.

(XXVI, 4) p. 241-249, illus.
The Problem of research on unprofitable drugs: another point of view. Burke, John T. (XXVI, 4) p. 251-255.

Public opinion
The Oblivion that science has made possible for society. MacBride, Sean. (XXVI, 1/2) p. 11-14.

Research and development
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.
The Problem of research on unprofitable drugs: another point of view. Burke, John T. (XXVI, 4) p. 251-255.
Sudan's five-year plan for research and development. EL Sammani, Abdallah Yacoub. (XXVI, 3) p. 181-191, illus., map.

Research planning
Scientific research in Algeria; an interview. Benyahia, Mohamed Seddik. (XXVI, 3) p. 177-180, port.
Sudan's five-year plan for research and development. EL Sammani, Abdallah Yacoub. (XXVI, 3) p. 181-191, illus., map.

Research priorities
Sudan's five-year plan for research and development. EL Sammani, Abdallah Yacoub. (XXVI, 3) p. 181-191, illus., map.

Research training
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.

Resources development
Current trends of scientific activity in Arab and Islamic countries. Galal, Salah. (XXVI, 3) p. 169-176.

Rural area
An Operational model to distribute a nation's health services. Mbaeyi, Peter N.O. (XXVI, 4) p. 277-290, illus.

Saudi Arabia
Science, technology and education on the Arabian peninsula. Dorozynski, Alexandre. (XXVI, 3) p. 193-197, illus.

Science and development
Current trends of scientific activity in Arab and Islamic countries. Galal, Salah. (XXVI, 3) p. 169-176.
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.
Science and the Islamic world: comment. El Sayed, Abdel-Aziz. (XXVI, 3) p. 123-133, illus., map.
Science, technology and education on the Arabian peninsula. Dorozynski, Alexandre. (XXVI, 3) p. 193-197, illus.

Science and technology
Science and the Islamic world: comment. El Sayed, Abdel-Aziz. (XXVI, 3) p. 123-133, illus., map.

Science education
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.
Science, technology and education on the Arabian peninsula. Dorozynski, Alexandre. (XXVI, 3) p. 193-197, illus.

Science policy
Sudan's five-year plan for research and development. EL Sammani, Abdallah Yacoub. (XXVI, 3) p. 181-191, illus., map.

Science statistics
Sudan's five-year plan for research and development. EL Sammani, Abdallah Yacoub. (XXVI, 3) p. 181-191, illus., map.

Scientific activities
Current trends of scientific activity in Arab and Islamic countries. Galal, Salah. (XXVI, 3) p. 169-176.

Scientific cooperation
The Problem of research on unprofitable drugs: another point of view. Burke, John T. (XXVI, 4) p. 251-255.

Scientific personnel
Sudan's five-year plan for research and development. EL Sammani, Abdallah Yacoub. (XXVI, 3) p. 181-191, illus., map.

Scientific personnel training
Development of nations through science and technology. Ahmad, Majeed. (XXVI, 3) p. 203-212.
Scientific research in Algeria; an interview. Benyahia, Mohamed Seddik. (XXVI, 3) p. 177-180, port.

Scientific research
Scientific research in Algeria; an interview. Benyahia, Mohamed Seddik. (XXVI, 3) p. 177-180, port.

Scientific terminology
Problems of arabization in science. Ibn Abdallah, Abdel-Aziz. (XXVI, 3) p. 151-159, illus.

Scientist
The Scientific-technical revolution and a comprehensive disarmament programme. Soukup, Miroslav. (XXVI, 1/2) p. 91-99.

Sex discrimination
Military technology and the masculinity of war: an African perspective. Mazrui, Ali A. (XXVI, 1/2) p. 71-75.

Simulation model
An Operational model to distribute a nation's health services. Mbaeyi, Peter N.O. (XXVI, 4) p. 277-290, illus.

Social change
The Scientific-technical revolution and a comprehensive disarmament programme. Soukup, Miroslav. (XXVI, 1/2) p. 91-99.

Social medicine
Health care in today's China. Kao, John J. (XXVI, 4) p. 299-310, illus.
The Teaching polyclinic: a model for community medical care, teaching and research. Torre Montejo, Ernesto de la. Casanova Arzola, Ramón. (XXVI, 4) p. 291-298.

Social problems
Future perspectives of safer and more rational use of drugs. Danysz, Andrzej Witold. (XXVI, 4) p. 241-249, illus.

Social psychology
Progress in geographic haematology. Bernard,

Jean. (XXVI, 4) p. 269-276.

Social responsibility
The Scientific-technical revolution and a comprehensive disarmament programme. Soukup, Miroslav. (XXVI, 1/2) p. 91-99.

Socialism
The Scientific-technical revolution and a comprehensive disarmament programme. Soukup, Miroslav. (XXVI, 1/2) p. 91-99.

Socio-economic analysis
System analysis, system management, and scientific typology as applied to development in the Third World. El-Yacoubi, Hassan Hasan. (XXVI, 3) p. 213-226, illus.

Standardization
Problems of arabization in science. Ibn Abdallah, Abdel-Aziz. (XXVI, 3) p. 151-159, illus.

Statistical data
Energy resources and global strategic planning. Solem, Knut Erik. (XXVI, 1/2) p. 77-90.
Geocancerology. Peeters, Emile Gaston. Verhasselt, Yola. (XXVI, 4) p. 311-322, illus., map.
Imperialism as a level of analysis in correlates-of-war research. Köhler, Gernot. (XXVI, 1/2) p. 39-47.

Sudan
Sudan's five-year plan for research and development. EL Sammani, Abdallah Yacoub. (XXVI, 3) p. 181-191, illus., map.

Surgery
Health care in today's China. Kao, John J. (XXVI, 4) p. 299-310, illus.

Systems analysis
System analysis, system management, and scientific typology as applied to development in the Third World. El-Yacoubi, Hassan Hasan. (XXVI, 3) p. 213-226, illus.

Technical progress
Conventional weapons and unnecessary suffering. (XXVI, 1/2) p. 63-66, illus.
How an atomic scientist views the prospects for "the bomb" Feld, Bernard T. (XXVI, 1/2) p. 49-50.
Science and war: comment. (XXVI, 1/2) p. 3-9.
Science and warfare. Kulich, Vasilij Mikhailovich. (XXVI, 1/2) p.53-61.
The Scientific-technical revolution and a comprehensive disarmament programme. Soukup, Miroslav. (XXVI, 1/2) p. 91-99.
The Strategic nuclear arms race. Stares, John. (XXVI, 1/2) p. 27-38.

Therapy
Future perspectives of safer and more rational use of drugs. Danysz, Andrzej Witold. (XXVI, 4) p. 241-249, illus.
The Traditional medicine of India. Singh, Dharamjit. (XXVI, 4) p. 257-267, illus.

Traditional culture
The Traditional medicine of India. Singh, Dharamjit. (XXVI, 4) p. 257-267, illus.

Transfer of technology
On the geographical fringe of Islam: the Republic of the Niger. Olodo, André Kokou. (XXVI, 3) p. 199-202, map.

Tropical disease
Progress in geographic haematology. Bernard, Jean. (XXVI, 4) p. 269-276.

Union of Soviet Socialist Republics
The Strategic nuclear arms race. Stares, John. (XXVI, 1/2) p. 27-38.
Weapons of mass destruction and public policy. Price, Charles Coale. (XXVI, 1/2) p. 17-24.

United States of America
The Strategic nuclear arms race. Stares, John. (XXVI, 1/2) p. 27-38.
Weapons of mass destruction and public policy. Price, Charles Coale. (XXVI, 1/2) p. 17-24.

Urban area
An Operational model to distribute a nation's health services. Mbaeyi, Peter N.O. (XXVI, 4) p. 277-290, illus.

War
Conventional weapons and unnecessary suffering. (XXVI, 1/2) p. 63-66, illus.
Einstein and Freud on war. (XXVI, 1/2) p. 25-26.
How an atomic scientist views the prospects for "the bomb" Feld, Bernard T. (XXVI, 1/2) p. 49-50.
Imperialism as a level of analysis in correlates-of-war research. Köhler, Gernot. (XXVI, 1/2) p. 39-47.
Military technology and the masculinity of war: an African perspective. Mazrui, Ali A. (XXVI, 1/2) p. 71-75.
The Oblivion that science has made possible for society. MacBride, Sean. (XXVI, 1/2) p. 11-14.
On science, war and leadership. (XXVI, 1/2) p. 67-69.
The Russell-Einstein manifesto. Russell, Bertrand. Einstein, Albert. (XXVI, 1/2) p. 15-16.
Science and war: comment. (XXVI, 1/2) p. 3-9.
Science and warfare. Kulich, Vasilij Mikhailovich. (XXVI, 1/2) p.53-61.
The Strategic nuclear arms race. Stares, John. (XXVI, 1/2) p. 27-38.
A Tale of two forts. (XXVI, 1/2) p. 101-102.
Three realistic approaches to peace: peacekeeping, peacemaking, peacebuilding. Galtung, Johan. (XXVI, 1/2) p. 103-115.

Waste treatment
Health and wealth from waste: an economic incentive for developing countries. DaSilva, Edgar J. Burgers, Anton C.J. Olembo, Reuben J. (XXVI, 4) p. 323-332, illus.

Waste water
Health and wealth from waste: an economic incentive for developing countries. DaSilva, Edgar J. Burgers, Anton C.J. Olembo, Reuben J. (XXVI, 4) p. 323-332, illus.

Water resources management
Health and wealth from waste: an economic incentive for developing countries. DaSilva, Edgar J. Burgers, Anton C.J. Olembo, Reuben J. (XXVI, 4) p. 323-332, illus.

Weapon
Conventional weapons and unnecessary suffering. (XXVI, 1/2) p. 63-66, illus.
On science, war and leadership. (XXVI, 1/2) p.

67-69.
Science and war: comment. (XXVI, 1/2) p. 3-9.
Science and warfare. Kulich, Vasilij Mikhailovich. (XXVI, 1/2) p.53-61.
The Scientific-technical revolution and a comprehensive disarmament programme. Soukup, Miroslav. (XXVI, 1/2) p. 91-99.

Woman

Military technology and the masculinity of war: an African perspective. Mazrui, Ali A. (XXVI, 1/2) p. 71-75.

Impact of science on society, 1976

Author index

Scientific research in Algeria; an interview. (XXVI, 3) p. 177-180, port.

Bernard, Jean
Progress in geographic haematology. (XXVI, 4) p. 269-276.

Buchwald, Art
The Plowshare treaty. (XXVI, 1/2) p. 51-52.

Burgers, Anton C.J.
Health and wealth from waste: an economic incentive for developing countries. (XXVI, 4) p. 323-332, illus.

Burke, John T.
The Problem of research on unprofitable drugs: another point of view. (XXVI, 4) p. 251-255.

Casanova Arzola, Ramón
The Teaching polyclinic: a model for community medical care, teaching and research. (XXVI, 4) p. 291-298.

Danysz, Andrzej Witold
Future perspectives of safer and more rational use of drugs. (XXVI, 4) p. 241-249, illus.

DaSilva, Edgar J.
Health and wealth from waste: an economic incentive for developing countries. (XXVI, 4) p. 323-332, illus.

Dorozynski, Alexandre
Science, technology and education on the Arabian peninsula. (XXVI, 3) p. 193-197, illus.

Einstein, Albert
Einstein and Freud on war. (XXVI, 1/2) p. 25-26.
The Russell-Einstein manifesto. (XXVI, 1/2) p. 15-16.

Feld, Bernard T.
How an atomic scientist views the prospects for "the bomb" (XXVI, 1/2) p. 49-50.

Freud, Sigmund
Einstein and Freud on war. (XXVI, 1/2) p. 25-26.

Galal, Salah
Current trends of scientific activity in Arab and Islamic countries. (XXVI, 3) p. 169-176.

Galtung, Johan
Three realistic approaches to peace: peacekeeping, peacemaking, peacebuilding. (XXVI, 1/2) p. 103-115.

Ibn Abdallah, Abdel-Aziz
Problems of arabization in science. (XXVI, 3) p. 151-159, illus.

Kao, John J.
Health care in today's China. (XXVI, 4) p. 299-310, illus.

Kettani, M. Ali
Moslem contributions to the natural sciences. (XXVI, 3) p. 135-149.

Köhler, Gernot
Imperialism as a level of analysis in correlates-of-war research. (XXVI, 1/2) p. 39-47.

Kulich, Vasilij Mikhailovich
Science and warfare. (XXVI, 1/2) p.53-61.

MacBride, Sean
The Oblivion that science has made possible for society. (XXVI, 1/2) p. 11-14.

Mazrui, Ali A.
Military technology and the masculinity of war: an African perspective. (XXVI, 1/2) p. 71-75.

Mbaeyi, Peter N.O.
An Operational model to distribute a nation's health services. (XXVI, 4) p. 277-290, illus.

Olembo, Reuben J.
Health and wealth from waste: an economic incentive for developing countries. (XXVI, 4) p. 323-332, illus.

Olodo, André Kokou
On the geographical fringe of Islam: the Republic of the Niger. (XXVI, 3) p. 199-202, map.

Peeters, Emile Gaston
Geocancerology. (XXVI, 4) p. 311-322, illus., map.

Price, Charles Coale
Weapons of mass destruction and public policy. (XXVI, 1/2) p. 17-24.

Russell, Bertrand
The Russell-Einstein manifesto. (XXVI, 1/2) p. 15-16.

EL Sammani, Abdallah Yacoub
Sudan's five-year plan for research and development. (XXVI, 3) p. 181-191, illus., map.

El Sayed, Abdel-Aziz
Science and the Islamic world: comment. (XXVI, 3) p. 123-133, illus., map.

Singh, Dharamjit
The Traditional medicine of India. (XXVI, 4) p. 257-267, illus.

Solem, Knut Erik
Energy resources and global strategic planning. (XXVI, 1/2) p. 77-90.

Soukup, Miroslav
The Scientific-technical revolution and a

comprehensive disarmament programme. (XXVI, 1/2) p. 91-99.

Stares, John
The Strategic nuclear arms race. (XXVI, 1/2) p. 27-38.

Torre Montejo, Ernesto de la
The Teaching polyclinic: a model for community medical care, teaching and research. (XXVI, 4) p. 291-298.

Verhasselt, Yola
Geocancerology. (XXVI, 4) p. 311-322, illus., map.

El-Yacoubi, Hassan Hasan
System analysis, system management, and scientific typology as applied to development in the Third World. (XXVI, 3) p. 213-226, illus.

Impact of science on society, 1976
